

## Acts of Jesus, Lesson 11: Where God's Power Flows II

We saw last time a guy who had a pretty good racket going on outside the east gate of the Temple, but even the best racket leaves you lame compared to a touch from God Himself. **Acts 3:1-10**

- We started last time answer the question: Where does God's power flow? And we came up with a couple of answers
  1. God's power flows where He is.
    - Where is God today? With us!!
    - We often suffer from the Mary and Martha complex of believing on Him in the past and the future but having a hard time
    - believing Him for today.
    - He's with us today and every day – everywhere we go
  2. The second answer to our question= God's power flows where there is expectancy
    - Expect Him to be God
    - Hudson Taylor's life motto: "Attempt great things for God, Expect Great things from God!"
    - Often get so little from God because we expect so little of Him.

**We have one more answer left to our question of where does God's power flow: God's power flows where He will receive the glory.**

- God moved to heal this man's legs was for the honor of His great Name,
- It's the only reason why He ever moves in a miraculous and powerful way, because only when He is glorified are things made right in this messed up world.
